

To Whom It May Concern:

My name is Jonah Lee Walker and I'd love to apply to your Editor position.

The producers I've worked with can attest that I'm one of the fastest and most detailed Editor, Colorist and Motion Graphics Artist they've ever worked with. I pride myself on being a reliable self-starter and extremely organized. I've often worked in a "preditor" capacity, working without a script and developing a story through the footage. I'm used to working closely with creative producers and directors and I think you'll find me to be an efficient and professional team player.

My editing career started on the LORD OF THE RINGS Special Edition DVDs, which then quickly escalated into being the lead editor on dozens of behind-the-scenes pieces on films and TV series (including THE HOBBIT, HAIRSPRAY, SEX AND THE CITY, and SAW). I was brought in as the on-the-ground Special Edition editor in New Zealand for Peter Jackson's KING KONG. I've honed my editing, graphics and color correction skills by working in the commercial and infomercial space, and am an After Effects Expert, and have many years of experience in AVID, Premiere Pro and DaVinci Resolve, but I'd love to return to my narrative roots.

As an aside, I'm a huge tech geek (and geek—my license plate reads "TARDIS"): I'm well-versed in camera and delivery formats, compression codecs, and am always learning new software (I'm currently studying advanced color correction in DaVinci Resolve). I'm also an avid photographer and prior to working in post, I worked in production, so I always keep in mind how all of the pieces connect.

*I also have a newly outfitted 4K editing suite in my home office and the ability to work remotely. I have an iMac Pro with Vega 64X and 64 Gigs of RAM a OWC ThunderBay 4 Raid a BlackMagic UltraStudio 4K and a 4K HDR Samsung Monitor. I recently used this system to online (including color correction in DaVinci Resolve) the world-wide release of Oxfam's I HEAR YOU campaign (featuring John Cho, Margot Robbie, Melissa Leo, and many others: you can see some of the videos here: <https://www.oxfamamerica.org/take-action/i-hear-you/>).*
